OFFICE NOTE.

2 of 93-94

SUBJECT.

Water supply - Govt. Distillery - Kempambudi Tank
Cremation in bed of, and fouling by Dhobies washing clothes therein.

LAST REFERENCE.

Letter No. 3224/326 dated 28th Feby 1894.

from the Excise Commr. in Mysore

Govt. Pro: No. P. 1468-3215 of 3-3-94.

(1) Referred to Deputy Comr Bangalore to inspect locality report with suggestions for removal of nuisances.

Dy Comr's No. D of 8-3-94.

(2) The evil has been long standing - Removal not practicable - Will be intensified by sewage of "new Western Extension" by running into and further polluting it. He suggests unpounding of surplus water of Kempapura Agrahara and disposing area below Dr's Tillery

Distillery to meet its wants.

(3) Referred to Excise Comm^r. to Consult Dy. Comm^r and submit definite proposals: — Govt. D/. N^o. 15-371-3378 dy 14-3-94.

(4) The Excise Comm^r submits correspondence with the Dy Comm^r, the Chemical Examiner, the Sanitary Comm^r with Govt, the Dy Comm^r &c^a and adds — N^o. 1448-146 dy 24-9-94

(1) Wells cant be relied on to supply the large demand at the Distillery

(2) Hessaraghatta Water. Appurtenances would not be available, and doubts if it can be taken to Distillery.

(3) Filtering beds would be better, but as the Sanitary Commissioner states ~~as~~ the water has been found pure by the Chemical Examiner, this would not be necessary for the present.

(4)

24

4) Proposes to do nothing beyond constantly inspecting & enforcing the sanitation of the catchment areas of the two Distillery Tanks, more particularly the new Madigar Palya (Note - A perusal of Dr Mc Gann's letter No 681 dated 19th August 1894 is specially solicited. It concludes as follows:-

"I am of opinion that "the water of the Kempam "budi & Distillery Tanks "cannot be relied upon, "either as regards quality "or quantity, for any length "of time for manufacture "of arrack wash, Even "though they may answer "for cooling or other purposes. "And Considering the im- "portant state at issue "I would advise that a "good supply of pure "water from wells should "be provided for the

manufacture

"manufacture of arrack
"wash, if, as is possible,
"it may be too long
"to wait for water from
"Hassargatta."

(4) The Excise Comm^r. submits the Chemical Examiner's report & opinion. N^o 2764-2659 11-12-94.

Opinion summarised - This water is very bad - It contains a very large amount of organic matter; it is totally unfit for human consumption -

Manufacture of arrack. Such water "sets up butyric fer-
"mentation - the one thing
"that is to be avoided in
"the distillation of spirits"
and for this reason consi-
ders the water to be unfit
for the purpose for which
it is intended.

Personal Inspection - "There
"is a large village inhabited
"almost wholly by Cluckers
"which was only a few

years

5

"years ago put there from
"some other site. This should
"never have been allowed.
"The whole Nallah leading
"from this village to the tank
"is used as a latrine by
"the people of the village &
"it is consequently not at all
"surprising to find that the
"water is contaminated
"with sewage"

Spice — Suggestions (a) The catchment area should be conserved, a large well should be sunk near the Distillery

(b) Retaining the present water-supply in tact for cooling purposes, we will need 15,000 to 20,000 gallons for the preparation of wash wine -

(c) I would respectfully suggest that the D.P.W. be asked to report on the feasibility of the diversion of the sewage from both tanks - If this is ~~not~~ at all practicable, then both cremation & fouling by

by Dhobis must cease.
and find place elsewhere.
The water supply can then be
restored to the state of the
analysis of July 1894 and
nothing more need be
done, but attend to sani-
tation of precincts.
(d) In case diversion is
impossible, the wells
pro tem & the Hessarghatta
water wholly, or to supple-
ment well water, is
absolutely necessary.
(e) As the matter is very
urgent & Sir Sheshadri &
has the D.P.W. under his
care & is fully cognizant
of the whole circumstances
of the case, I would res-
pectfully suggest that
the file be sent to H.E.
and the D.P.W. Secy asked
to give the matter prompt &
practical attention

9/3/95

J. H. J.

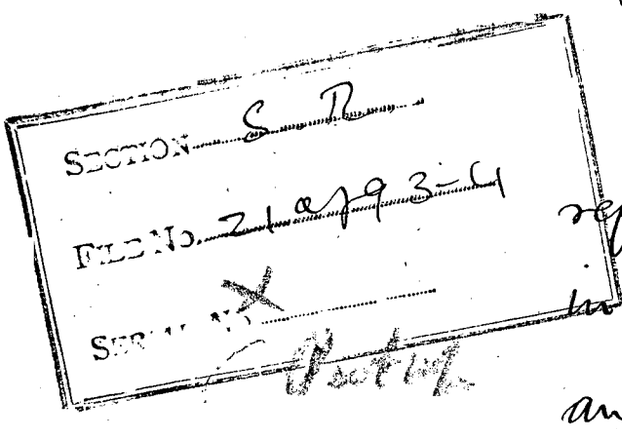
Letter No 2764 dated 11.12.Dec 1894. re nuisance due to the drain running
N.W. & S. 265 across the City Municipality Boundary & to B. Rm. Doctor
Gen'l. Duties &c. Sanitary Commissioner to Govt
14/3/95

This D.P.W. may be asked to submit the Sanitary (Engl?)
to put up the most Economical Projects formed
for Drainage diverting the Sewage from the Tanks. Such
a Project Now submitted may be examined under the Scheme of the
19.3.95

Office Note

Subject:- Drainage of the Western Extension being diverted from the Distillery Water Supply.

Last Reference:- Excise Comm^rs No: 848/84 D/17/21 Aug/95



The above question was referred to the D.P.W. Secretary in his office Nos: 15543/R2235 and 24054/R3475 D/22/23/3/95 and 18/6/95 respectively, to furnish a project

2. In the meantime, the Excise Comm^rs in a D.O asked for a conservancy establishment to minimize the evil and was told in a reply D.O. (D/ 18/6/95 Para 1.(2)) to send a proposal therefor. This he has now done in his letter No 848/84 D/17/21 Aug/95.

3. As for the establishment

now proposed goes is the watchman
to be on duty day and night?
What is the scavanger to do?
How will the employment of
lishes, or both, stop the sewage
being washed down bodily
into the tanks at every
shower of rain? From what
funds are the men to be paid
for?

4. May a reminder
be sent to the D. P. W. Secretary
to expedite the project, until
the ~~mitigation~~ completion of which no
mitigation of the evil is ~~evidently~~
possible?

Office Note 8/21/95

Subject :-

Pay of Rs 3 to the Nirgunti of the Kempambudhi Tank which supplies the Distillery with water.

Last Reference :- Excise Commissioners No :
1641/162 of 14/16 Feb/95

SECTION S R
FILE No. 21 of 93-4
SERIAL No.

The vernacular Records alluded to have not been sent up

2 There are I believe wch and garden lands under this tank for which it is presumed the Nirgunts services are utilized, and paid for by the Revenue Department

3 The service for the Distillery is only occasional when the lower tank needs replenishing and for the latter tank it would appear there is a hand which did the needful on the occasion under advertence

m

in the absence of the Nizamut of the upper Tank. Why cannot he do so always?

4. If Rs 3 are to be paid from Excise Funds, it should be reported for what length of time this will be needed as it is presumed the allowance is only temporary, and will cease when the Distillery is supplied with water from pipes; from whence it is not stated but presumably it is the Hesaraghatta water supply as I am aware of no other project

Rec'd 16.10.95

Excise Commissioner's Office

No. 1641 (Exc 16 file) Bangalore, 14th October 1895.
162 16

From,

The Excise Commissioner
in Mysore

To,

The Revenue Secretary to the
Government of Mysore

Sir,

In forwarding herewith, copy of the marginally noted correspondence, I have the honor to State that it will be seen from the Memo of the 2nd General Assistant Commissioner that the small plot of the Nirgunti Service Inam land being insufficient for the livelihood of the Nirgunti of the Kempambudy tank which has been reserved for the use of the Distillery, the Nirgunti absents himself in search of other means of living. His constant absence

1. Letter No: 3532/195, dated 21st/23 March 1894, to the Deputy Commissioner, Bangalore District
2. Docket No: 1061, dated 12th October 1895, from — ditto —
3. Memo. No: 340, dated 29th September 1895, from the 2nd General Assistant Commissioner, Bangalore District

absence causes great inconvenience to the Distillery, besides endangering the Sluices of the tank. As the main Sluice had not been closed properly by the Nirgunti, leakages had occurred in it on several occasions. It is therefore necessary that the Nirgunti should always be present not only to look after the Sluices of the tank, but also to regulate the supply of water to the Distillery. Under the circumstances represented by the 2nd General Assistant Commissioner, I beg to solicit sanction to the payment of Rs: 3/- monthly to the Nirgunti from the Contingent allowance of the Distillery.

I have the honor to be,

Sir,

I have the honor to state that the Neerganti of the Kempapura tody tank is reported to be frequently absent, and not available to open and close the sluice of the tank to regulate the supply of water to the Distillery. Last week when the sluice had to be opened to let the water into the Distillery tank, the Neerganti could not be found in the village, and he was said to have gone to Gubbi in the Kortagere Taluk to bring firewood for sale. The Neerganti of the Distillery

Distillery tank had in consequence to do the needful. I have therefore the honor to request that you will kindly ascertain whether the Kempambudy tank Neerguntti is the negligent man he is represented to be, and if so, to suggest the nomination of a new man taking into consideration the claims, if any, of the Distillery tank Neerguntti.

I have &c.

(Signed) L. Richetts.

Excise Commissioner

1895.

From,

The Deputy Commissioner

Dated 12.10.95.

No. 1061.

The Excise Commissioner's

No.

No 3532/195, dated 21st March 1894 about the Neerguntis of the Kempambudy tank. –

Adverting to the above, has the honor to forward in original memo: No. 340, dated 29th ultimo from the 2nd General Assistant Commissioner in the matter. The Neerguntis seems to absent himself in search of livelihood as the dry Inam now enjoyed by him is not sufficient for his maintenance.

(Signed) K. Chandy.
for Deputy Commissioner

Memo No 340.
Dated 29th September 1894.

With reference to Deputy Commissioner's Order No. 1437 dated 26th March 1894. to the Amildar of Bangalore regarding the Neerguntis of the Kempambudy tank, begs to submit report No. 149, dated 12th August 1895 from

from the Amildar for information.
The Amildar reports that the Office of Neerguntie is in the name of Baligaji Chetka Munnija who is willing to do the work and has deposed to that effect. His only complaint is that the Inam lands granted to him are of small extent, that a dry crop even if it be raised on it will not be sufficient for the maintenance of his family and that the ryots do not give him miras.

In the Vatan Register of 1863-64 it would appear that 15 Kolagas of wet land bearing an assessment of Rs 8-11-8 has been allowed to the Neerguntie of the Kempambedi Tank besides Bataqi Dyvias of Rs 27.

Bataqi Dyvam has since been abolished and the wet lands below the tank have all been converted into dry.- Consequently the Neerguntie

gets

gets no muras at present to Sow-
he enjoys Survey No 9 measuring
2 acres - 5 guntas assessed at Rs 4.

Under these circumstances
the Neerguntie may be paid
monthly 3 rupees from the Excise
Department to make up the
sum he was getting in 1863-64.

The suggestion of the Amildar
seems to be reasonable. The
Neerguntie may be paid Rs 3
per mensem till pipe water is
introduced to the Distillery.

Vernacular papers as per
Sanit and enclosed.

(Signed) B. Coopoosamy.
2nd General Asst. Comm.

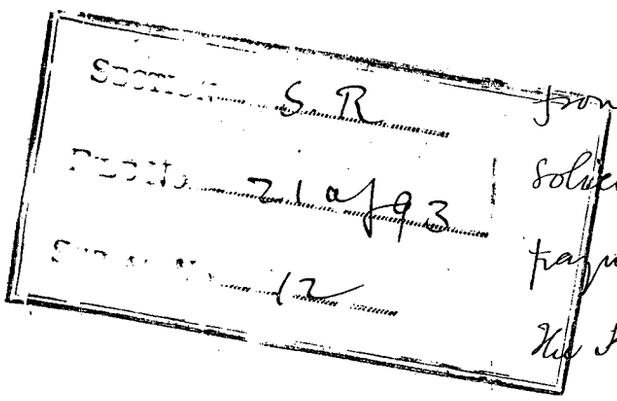
Proc 16

Read:-



Letter No: 1641/162 dt 14/16 Oct/93 from the Excise Commissioner soliciting sanction to a monthly payment of Rs 3 to the Nirasadi of the Kempambudhi Tank from which the Distillery is mainly supplied with water.

Order No: 4293-94/M: 124 dt 4-11-93

1 The Watan Register of the year 1863-64 appears to show that 15 Kolgas of wet land bearing an assessment of Rs 8-11-8 were made over free of assessment to the Nirasadi of Kempambudhi Tank for his services besides a Batayi Nirasi of Rs 27; that the latter having since been abolished and the wet lands converted into dry, the Nirasadi now only enjoys Survey No: 9 measuring 2 acres 5 guntas assessed at Rs 4/- which is alleged to be hardly sufficient for his maintenance.

2 Under the circumstances represented in the above sanction is accorded to a temporary allowance of Rs 3 per mensem being paid to

The Nirajanti from the contingent allowance
of the Distillery

The Secretary to the Government
of Mysore, Revenue & General
Departments.

Sir,

Adverting to Government
Proceedings No 3633-4 Ex. 107 dated 11th
October 1895, I have the honor to state
that the Distillery Officer has not
been able to procure a Scavenger
on Rs 5/- per mensem for the
conservancy of the catchment area
of the Distillery tank. On addressing
the Vice President of the Bangalore
City Municipality on the subject,
a reply to the following effect
has been received:—

"There are many feeders &c in
the catchment area of the Distillery
Tank. One main is inadequate

To

to keep all the water carried off, &c.
&c clean. If two men are employed to do the duty, we can expect the places clean. I can get them on monthly pay of Rs 7/- each".
I concur in this Opinion. Accordingly I beg to solicit Sanction to the temporary employment of two Scavengers on Rs 7/- each until the proposed project to divert the impurities from the Distillery tank is completed.

I have the honor to be

3 c No. 1843/90 with enclo: Excise Commissioner's office:
Bangalore, Dated 18th September 1890

From

The Excise Commissioner,
in Mysore.

To The Secretary to Government of Mysore
General and Revenue Departments.

Sir,

In submitting herewith, copy of letter No 1442*, dated 17th Instant, from the Chief Engineer of Mysore, I have the honor to state that no provision now exists in the Excise Budget for carrying out the work connected with the diversion of the sewage water of Madigaripalya Chamarajendrapet, etc from the two distillery tanks. The monthly rent of Rs 500/ recovered from the Arrack manufacturers to the Mysore State is for both "the use of the distillery buildings and the arrangements existing in connection with the water Supply". This rent is credited to Public Works Department. Accordingly I am of opinion that the cost of the above mentioned work should be

* together with its original enclosures

be met from the said rent.

2. As the two aqueducts referred to by the Superintending Engineer, Sanitary works, are intended for the benefit of Chamrajendrapet, the cost thereof, viz Rs 1280/- should be charged to "drainage Chamrajendrapet," as opined by Mr Lee.

I have the honor to be,
Sir
Your most obedient Servant

M Narasinga Rao

Excise Commissioner,
&c in Mysore.

From

The chief Engineer of Mysore.

To The Excise Commissioner,
in Mysore.

Sir,

With reference to your letter No 1452/365 of 27/31 ultimo, I have the honor to inform you that the proposed work for the diversion of the sewage water from the distillery tank, was originally intended to be carried out at the expense of the "Excise Revenue", as per orders conveyed in chief Secretary's letter No 155-43 X / R 2235, dated 22nd March 1895, (copy enclosed), and to request that you will be so good as to obtain the sanction of Government in General Department, to the accompanying project and allotment of funds from Excise Budget. As the work is to be carried out by P. W. Department, 10 per cent of the Estimate amount has been added on

35

on account of "Establishment charges", as usual.
